The **WIZARD** is the premier aftermarket system for experienced BMW technicians. It offers advanced diagnostic and reprogramming functions which exceed the capabilities of the dealer tools. The **WIZARD** features innovative and comprehensive solutions for advanced BMW technicians. The **WIZARD** combines state-of-the-art hardware with custom developed software to provide coverage for all BMW vehicles (E, F, G and I Series).

The **WIZARD** software has many unique capabilities that surpass the functions of any other tools on the market. These include: individual module flashing; manual coding; changing VIN and vehicle order; code used components; read and delete error codes with comprehensive explanations; actuations; and live data streams. For additional details please visit our website or contact us directly.
